OBJECTIVE

Enthusiastic technical professional looking for an opportunity to grow my software development skillset; specifically, in front-end technologies.

EXPERIENCE

Gregg & Valby, LLP – Software Developer

- Collaborated on all stages of different project lifecycle from requirement gathering to production releases such as creating a lockdown mechanism for a client companies' employees
- Developed new precautionary measures to notify client and in-house users of any upcoming website updates or website downtime saving colleagues dozens of hours of work
- Authored code fixes, enhancements and stress tests to the company GUI improving ease of use
- Supported and monitored database efficiency by proactively reducing query processing time

PROJECTS

Happy Camper

- Devised a web app to inspect the weather and possible camping locations for the user using the PERN stack
- Accessed multiple APIs and processed the JSON and XML responses to query the database through a RESTful API

[PERN To Do List](#)

- Constructed a web app where a user can input, edit and delete tasks using PostgreSQL, Express, React, and Node.js
- Styled the project with Bootstrap

[Amazon Automation](#)

- Developed a web app on Django to search through Amazon and return the highest rated items of a desired product
- Built with Selenium, Python, JavaScript, HTML5 & CSS3

[Photography Website](#)

- Created a static photography website with a responsive design using JavaScript, HTML5 and CSS3

[Personal Portfolio](#)

- Created a static photography website with a responsive design using JavaScript, HTML5 and CSS3

Mobile Controlled Massaging Device

- Built an Android Studio mobile app using Java and C++ which allowed for full control of the mechanical device

SKILLS

Front-End

JavaScript, HTML5, CSS3

Back-End

Python, C#, SQL

Frameworks/Libraries

React, Django, Selenium, Express, Bootstrap

EDUCATION

University of Houston

B.S., magna cum laude,

Computer Engineering

Technology

LANGUAGES

Fluent in English & Spanish

Learning Chinese & Russian

LEADERSHIP

Work Abroad

Volunteering
